Note :-

In case of a tie in the total marks, the ranking will be determined based on the following subject-wise priority order: Mathematics → Science → General Knowledge (GK). The student securing higher marks in Mathematics will be placed higher in the ranking. If Mathematics marks are also equal, Science marks will be considered, followed by General Knowledge marks.

Each question carries 01 mark. A candidate is awarded 01 mark for every correct response, while 0.25 mark is deducted for every incorrect response as negative marking. Therefore, the maximum score based on the original marking scheme is 100 marks.

For evaluation and result calculation, the same marking scheme is represented on a 4-mark scale, where each correct response carries 4 marks and each incorrect response results in a deduction of 1 mark. Thus, the maximum evaluation score is 400 marks. The final score is then converted into a percentage and displayed out of 100%.
